Relationships, Sex and Health Education – Policy From September 2026

1. Introduction

The St John Paul II Multi Academy Company (MAC) is committed to providing high-quality Relationships, Sex and Health Education (RSHE) that reflects the mission of Catholic education, fulfils statutory requirements, promotes safeguarding, supports the flourishing of every child and strengthens partnership with parents and carers.

Inspired by the life and teachings of St John Paul II, our schools seek to help children and young people grow in faith, wisdom, virtue and confidence. We believe that every person is uniquely created in the image and likeness of God and possesses an inherent dignity that must be recognised, respected and nurtured. Our approach to RSHE is rooted in the Gospel and informed by the teachings of the Catholic Church. It seeks to support pupils in developing healthy relationships, positive self-worth, emotional resilience and the knowledge required to live safe, fulfilling and responsible lives. As St John Paul II reminded young people: "Life with Christ is a wonderful adventure." Our curriculum therefore seeks not merely to educate about risk, but to inspire pupils to flourish as children of God, capable of forming loving relationships, contributing positively to society and becoming the people God calls them to be.

2. Rationale

Parents and carers are the first and primary educators of their children. Schools therefore work in close partnership with families, parishes and the wider Catholic community to support the holistic development of every pupil.

RSHE forms an integral part of our educational mission and contributes to the spiritual, moral, social, emotional and physical development of children and young people.

Through RSHE, pupils are supported to:

- Develop healthy and respectful relationships.
- Understand and value their God-given dignity.
- Grow in virtue, compassion and empathy.
- Develop confidence, resilience and self-respect.
- Recognise and manage risk.
- Understand personal safety and safeguarding.
- Make informed and responsible decisions.
- Prepare for adult life and participation in society.
- Appreciate the importance of family and community.

RSHE contributes significantly to safeguarding by helping pupils understand healthy boundaries, consent, online safety, respectful relationships and how to seek support when concerns arise.

Through TenTen Life to the Full Plus and complementary diocesan-approved resources, pupils are supported to recognise that they are created, loved and called by God to live life in all its fullness (John 10:10).

3. Catholic Vision and Mission

The vision of St John Paul II MAC is grounded in the belief that Christ reveals humanity to itself and calls every person to fullness of life.

Our RSHE curriculum reflects Catholic teaching regarding:

- Human dignity.
- The sanctity of life.
- The importance of family.
- Love and relationships.
- Service to others.
- Respect for difference.
- Responsibility and moral decision-making.

We draw particular inspiration from St John Paul II's call: "Become who you are." RSHE supports pupils in understanding their identity, recognising their worth and developing the confidence to live with integrity, courage and compassion.

The curriculum seeks to develop young people who are:

- Confident in their identity.
- Respectful towards others.
- Responsible in their choices.
- Compassionate in their relationships.
- Hopeful about their future.
- Prepared to contribute positively to society.
